CONNECTING THE IOS FAMILY WITH INTEGRA SYSTEMS

Linked to your Integra system, the DMI-40.4 allows you to play audio and video files from virtually all iPod®, iPhone®, and iPad® models. Now you can enjoy your music through a high-fidelity sound system and share photos and videos on your living-room display.

AIRPLAY INTEGRATES YOUR DIGITAL LIFE

AirPlay lets you connect your iPod touch, iPhone, and iPad to your compatible Integra product with no wires, cable, or clutter. As well as streaming audio, from your portable iOS device over the home network, users can also play tracks from their PC or Mac-based iTunes library on their Integra sound system.

ADDED CONTROL THROUGH RI FUNCTIONALITY

The DMI-40.4 can also be connected through Integra's proprietary RI (Remote Interactive) interface. This gives you access to a variety of useful functions, such as System On/Off, Auto Power On, Auto Selector (Direct Change), and Sleep Timer. To simplify things even further, the RI terminal also allows you to use your main Integra system remote to control the DMI-40.4 dock.
